

IOSH Managing Safely

Aim

To heighten the awareness of Health and Safety requirements of individuals with Health and Safety responsibilities and to enable these individuals to review their departmental systems for safety, introducing new controls or implementing changes as appropriate to make the department work more safely.

Target Audience

This course is aimed at staff within an organisation that has to manage risk and resources. For those required to manage safely and effectively in compliance with both their organisation's policy and best practice in Health and Safety, for example Line Managers, Health and Safety advisers, Health and Safety Committee Members, and Directors.

Course Content

- Safety Management
- Reactive Monitoring
- Risk Assessment and Risk Control
- Active Monitoring
- Review and Audit
- Health and Safety Legislation
- General Hazards
- Specific Organisation of Hazards

Assessment: The assessment units are both written and practical.

Duration: 4 days

Accreditation: IOSH Managing Safely Certificate from Institute of Occupational Safety and Health

Recommended follow-up courses: NEBOSH National General Certificate
